

Get Ready to Experience
JOHN CRUDELE

"The Message"
You made me laugh
You made me cry
You made me feel
So good inside.
You talked about problems
from drugs to sex
and who would get
the AIDS virus next,
You stole our hearts
and challenged our minds
You found spots in some
that many cannot find,
and when I stood up, I felt so proud
knowing that I wasn't "part of the crowd."
When it was over, all said and done
I knew in my heart
that your message had won.
